SimplyHer Nov 2007 "Timothy Ang started the business over a year ago with the intention of allowing more people to own their dream bags at affordable prices. You'll find designer bags from brands like LV, Dior, Coach and Chanel lining the shelves. If you're lucky, you may even snag It bags like LV's Neverfull and Neo Cabby, Prada's Gauffre and Chloe's Paddington. Experienced staff check the authenticity of the bags sold to the boutique or taken in on consignment, so you can rest assured that you're getting a genuine deal."Â
